Ultravia Pelican PL

For Sale in Netherlands

Registration	PH-CBO
Year of construction	2003
Country	Netherlands
City/Aerodrome	Hilversum (EHHV)

Description	PlaneTime is offering this 2003 Ultravia Pelican PL Experimental Aircraft on behalf of the owner. The Ultravia Pelican is the name given to two series of high-wing, single-engine, tractor configuration ultralight aircraft that were designed by Jean Rene Lepage and produced in kit form for amateur construction by Ultravia Aero International of Mascouche, Quebec and later Gatineau, Quebec. The original Pelican Club has a fibreglass fuselage and aluminum frame wings with aircraft fabric covering. The wings were later made all-metal and this model became the Pelican PL. The PL was available from the factory equipped with a 100 hp (75 kW) Rotax 912ULS or a 115 hp (86 kW) Rotax 914 turbocharged engine. Options included tricycle or conventional landing gear. The aircraft can be viewed in Hilversum (EHHV) on appointment.
