

# EASY TO GET STEADY, FRESH OXYGEN FOR 15 MINUTES BY MIXING ASAMA OXYGEN POWDER WITH WATER

Approx. 240cc

Oxygen Generator  
Bottle

ASAMA Oxygen  
Powder

**ASAMA brand portable Oxygen Generator is a product developed to raise the awareness of blood oxygen levels, and to maintain health in daily life and enjoy life comfortably.**

## Wet Oxygen generated is comfortable to the throat and lung

Since the oxygen is generated with water, the oxygen is water-based and is wet. It is comfortable to breathe in and does not irritate the throat as dry oxygen would.

## Eco Friendly

The bottle is reusable. The residue is eco-friendly salt water. Lightweight and small plastic bottle is convenient to carry.

## Economical

Each set comes with 10 powder packs for 10 uses. The powder pack has a shelf life of 3 years. Additional powder packs can be purchased as supplement. There is substantial saving in the long run.

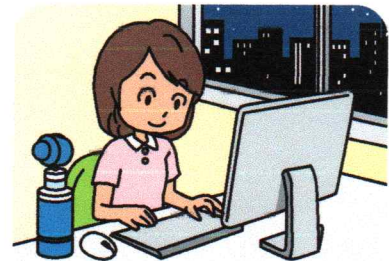

# STAY ENERGETIC AND SOBER WITH FRESH OXYGEN
